To: **All Inedible Kitchen Grease Transporters, Renderers, and Collection Centers**

Re: **2012 Truck Decal(s)**

Enclosed are registration decal(s) for your truck(s) for 2012. It is important that you immediately attach each decal to the vehicle identified on your registration form, by using the adhesive on the decal.

The enclosed decals will not be replaced unless full payment for a new registration is received and a written statement accompanies the payment to explain why a replacement is necessary.

Exceptions to this will be made if the original decal is returned and a replacement for the same vehicle is needed. For example, if a windshield is broken, the decal can be returned and replaced for no charge.

Your cooperation with this program is appreciated. Working together we can have a significant impact on theft of grease.

Sincerely,

Douglas Hepper, D.V.M.  
Chief, Meat and Poultry Inspection Branch  
Animal Health and Food Safety Services
